We would like to introduce **Graham Rubber's Vee Belts**

**Graham Rubber's Vee Belts** are manufactured using the most up-to-date techniques in belt manufacture meeting and surpassing European (DIN) and Japanese (JIS) Standards.

Large stocks of **Graham Rubber's Vee Belts** are held in our Sydney stores, enabling us to fill your orders as quickly as possible. Stocked sizes can usually be dispatched the same day for orders placed prior to 2pm.

Stocked belts are available in A, B, C, M, FM & SPZ sizes, other specialty belts are also available upon request.

Some of the features that make **Graham Rubber's Vee Belts** stand out in quality are there;

- Superior Rubber Compound
- Oil and Heat Resistance
- Antistatic Properties
- High Adhesive Polyester Interior Cable
- Competitive Pricing

## Graham Rubber Vee Belt Specifications

### Structure of Graham Rubber's Vee Belts

#### a. Cover Fabric

The high tensile cotton fabric, impregnated with a specialty rubber compound protects inner rubber sections and tension cords whilst also providing high flexibility.

#### b. Filler and Base Rubber Components

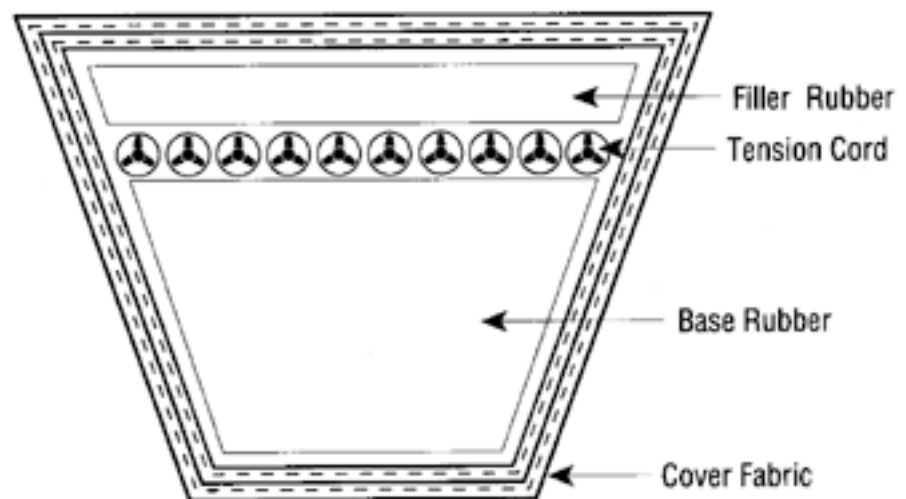

These rubber sections are extruded from another high quality rubber compound excellently formulated. The filler and base rubber sections support the tension cords in an exact position providing heat minimization during operation.

#### c. Tension Cord

High adhesive polyester cord allows for great adhesion and reduction in strain during operation.

### Sectional Dimensions

M section	10mm x 6mm
FM Section	10mm x 8mm
A Section	13mm x 8mm
B Section	17mm x 11mm
C Section	22mm x 14mm

## Trouble Shooting and Maintenance

### SAFETY

- Make sure that all equipment is turned off, even for minor adjustments or quick inspections
- All belt drives should be covered by a guard. Uncovered guards can result in amputations in seconds as well as many other accidents.

### REPLACING BELTS

- **DO NOT** use a lever to force a belt over the pulley system
- **DO NOT** put a belt onto a pulley system with out loosening the drive pulley.
- **DO** always use matched sets of new belts. Sets of belts should be of the same manufacture and where appropriate of the same batch number.
- **DO NOT** use old and new belts in a belt set.
- **DO** move the motor to allow room to place new belts on pulley system.
- **DO** first locate the belt on the drive or motor pulley.
- **DO** adjust belt tension after a few days of operation. New Vee belts are designed to stretch slightly at the beginning of operation.

### MAINTENANCE

- Check that the pulleys are aligned. Incorrect alignment of the pulleys will result in destruction of the Vee belts.
- Check lubrication of bearings and metals.
- Check pulley groves are free of foreign material, rust or obstructions.
- Check pulleys for wear.
- Ensure pulleys have adequate ventilation.
- Clean pulley and drive area.

*Full online internet catalogue  
(includes pricing and technical data)*

## **RUBBER EXTRUSIONS**

Sponge Strip	Channel Strip
Weather Strip	Neoprene Cord
Glazing Strip	Gum Cord
Fridge/Cabinet Strips	Container Door Seals
Buffer Strips	Flood Gate Rubbers

## **RUBBER MOULDINGS**

Chair Tips	Crutch Tips
Door Stops	Walking Stick Tips
Grommets	Flask Stoppers
Bath & Sink Plugs	Buffers
	Castor Cups

## **RUBBER AUTOMOTIVE ACCESSORIES**

Dock Buffers	Truck Fenders
Bailey Window Channel	Gunwhale Rubbers
Nitrile Fuel Tank Straps	Mudguard Flaring
Wharf Buffers	"D" Fender Buffers
Car & Truck Wash Sponges	

## **RUBBER HOSE & TUBING**

Goodyear Ortac & Multi-Purpose Hose	
Goodyear Paint Spray Hose	
Water Delivery Hose	Oil Delivery Hose
Water Suction Hose	Oil Suction Hose
Welding Hose	Fire Reel Hose
Automotive Fuel Hose	Car Heater Hose
Radiator Hose	Yellow Air Hose
Steam Hose	Brewers Hose
Sand/Shot Blast Hose	Concrete Hose
Chemical Hose	Vacuum Brake Hose

Gas & Surgical Tubing	Neoprene Tubing
-----------------------	-----------------

## **P.V.C HOSE & TUBING**

Steel Helix Clear Suction Hose	
Multipurpose Pressure Hoses	
Air Tool Hose	Farm Tank Hose
Yellow Safety Hose	Garden Hose
Fire Reel Hose	Washdown Hose
Suction Hoses	Pesticide Hose
Air Seeder Hose	Layflat Hoses
Food Grade Tubing	Clear Vinyl Tubing
Nylon Tubing	
Specialist Laboratory Tubing	

## **JOPLIN LIFTING PRODUCTS**

Garage Jacks	Hydraulic Bottle Jacks
Vehicle Stands	Screw Jacks
Pallet Trucks	ATV Vehicle Lifts
Galvanized Pallet Trucks	ATV Ramps
Crane Jacks	

## **RUBBER SHEET & MATTING**

Natural	Neoprene
Insertion	Studded Matting
Sponge Sheet	Fluted Matting
Industrial Flooring	Castle Top Matting
Horse Float Matting	Trough Rubbers
Non Slip Matting	Door Mats
Anti-Fatigue Matting	Nitrile
Chutex	White Hygenic
Insertion Strip	

## **RUBBER PLUMBING ACCESSORIES**

Flush Pipe Cones	Drainers Gloves
Rubber Rings	Plumbers O-Rings
Pipe Insulation Tube	Flange Gaskets
Aquaseal Pipe Flashings	Tap Washers
	Sink Pumps

## **INDUSTRIAL TAPES**

Neoprene Sponge Rubber Tapes	
EPDM Sponge Rubber Tapes	
Poly Ethylene Foam Tapes	
Industrial Tapes	Stair Tread Tape

## **POWER TRANSMISSION BELTS**

Industrial "V" Belts  
A, B, C, D, M, SPZ and other sections  
Specialty Belts

## **PVC EXTRUSIONS**

Pinchweld door and lid seals  
Gunwhale Protoector Strips  
Pontoon Pylon and Jetty Fenders

## **ANCILLARY PRODUCTS / HOSE FITTINGS**

Worm Drive Clamps	Super Clamps
Air Fittings	Air Hose Couplings
Brass Water Hose Couplings	
Camlock Fittings	Contact Adhesives

## **DUCTING**

Polyurethane Ducting  
Rubber Impregnated Canvas Ducting

## **JOPLIN MOBILITY AIDS**

Wheel Chairs	Walking Frames
Shower Chairs	Toilet Chairs
Home Care & Hospital Beds
